## VA BENEFITS SATISFACTORY ACADEMIC PROGRESS POLICY

VA students receive monthly evaluations to assess progress in relation to minimum Satisfactory Academic Progress evaluation standards. Students certified to receive VA benefits whose grade point average (GPA) falls below 85% and/or fails to make 80% attendance of their scheduled hours will be placed on probation and reported to the VA. If at the end of the probation period, the student's grades are still below 85%, or the minimum attendance is still below 80%, veterans will be terminated. Once minimum attendance standards are met, benefits can be reinstated.
